

Tenure Facility
Learning Exchange
2018 – Hyderabad, India

the
**TENURE
FACILITY**

Meeting Agenda October 4-6, 2018

Objectives

- Assess global trends regarding the recognition of the land and forest rights of Indigenous Peoples and local communities (IPLC), the status of government and private sector support to programs to advance recognition on the ground, emerging issues and opportunities to accelerate progress;
- Learn of the status of the implementation of programs to recognize rights on the ground supported by the Tenure Facility, the key obstacles to implementation, and strategies deployed by program leaders to overcome them;
- Identify the key operational and strategic lessons from the implementation of programs, and key institutional and technological innovations to advance the implementation of projects to recognize IPLC land rights;
- Identify priority topics and approaches to accelerate learning across the institutions engaged in supporting the implementation of IPLC land rights; and
- Make recommendations to the projects and the Tenure Facility on methods to accelerate the implementation of projects to recognize community land rights.
